

PRESS RELEASE

Girelli Logistics Group Joins the Vectorys Group: A New Chapter of Growth and Innovation

Sona, March 1, 2025

Girelli Logistics Group is pleased to announce a major strategic development: the entry of the Vectorys Group into its corporate structure. This operation marks a key milestone in strengthening its service offering and consolidating its competitive position in both the Italian and international markets.

The Vectorys Group boasts over four decades of experience in the logistics and international transport sector, with a particular focus on Europe-North Africa routes. Founded in 1984, Vectorys is now a benchmark in the industry, thanks to its continuous commitment to diversification and innovation.

The collaboration between Girelli Logistics Group and the Vectorys Group is built on a strong foundation, developed over nearly ten years of operational partnership. Shared values such as respect, responsibility, and people-centricity have naturally fostered the evolution of this synergy, which today takes shape in a joint growth project.

Joining the Vectorys Group will enable Girelli Logistics Group to benefit from enhanced resources and increased investments in technology and personnel development, ensuring a further improvement in the quality and efficiency of the services offered to customers. The operation has been structured to enhance the distinctive expertise and know-how of Girelli Logistics Group while preserving its identity, management, and operational structure.

For customers, this integration will bring tangible benefits, including faster and more direct access to foreign markets where the Vectorys Group operates, providing a broader network of contacts and even more responsive support for international logistics needs.

Girelli Logistics Group reaffirms its commitment to operational continuity, maintaining the same service levels, company contacts, and customer relations. The company's mission remains unchanged: to deliver excellence in logistics solutions, now with the strategic support of a major multinational group like Vectorys.

We are confident that this operation will represent a significant opportunity for all our stakeholders, and we thank our customers and partners for their trust and collaboration. For any further information, our group remains at your full disposal.
